Dear Readers!

We are at the end of 2019 and about to begin with 2020. It was a wonderful journey with all the esteemed authors who have contributed to this intellectual space. I and the editorial team here at Episteme are grateful to each one of you for your valuable contribution which has added spice for the reader. We hope the same support and love you will shower on us by contributing to your own e-zine.

This also gives me an opportunity to present before you 31st issue with contribution from six countries and loaded with 19 contributions in the form of articles, poems, book reviews and India in translation.

Articles and research papers of the issue focuses on current trends in science and technology other than management, literary, etc. Enchanting poems, book reviews and short stories from well-known authors are attraction for the readers.

At the end, we take this opportunity to personally thank all those who have open heartedly extended their cooperation by accepting our invitation to be on the revamped board of advisors and senior editors along with their valued contributions. We are thankful to our Patron and Management of the college for their continuous support.

Wishing everyone Merry Christmas and Happy New Year!

Ms. Neetu Kapoor
