

LIFE IS STILL SPINNING

By Adolf P. Shvedchikov

Life is still spinning,
A mixture of dignity, flaws,
Fashion running, love affairs,
Our world never sleeps.
Miracle of awakening, passion,
Feelings are mad,
Is our glass half-empty,
Or filled only in part?
No goodbyes, no hello,
Is it your aunt or not?
You got a star ticket
Is there an understanding of happiness?
Nice whether or bad weather,
You will never understand
So that's it!
Cards lie, not that all suits...

LIFE IS NOT WHITE AND NOT BLACK

Life is not white and not black,
In all this was the generation
Life is the mixture of birth and decay,
Misunderstanding wall.
Every spring is not pretty,
Sometimes the summer does not burn with heat,
And the terrible word *vendetta*

You are forever deprived of sleep!

Life is reckless and drunk

Other destiny you do not ask,

We will not be loaned money,

Nothing good waits for you...

AN INSTANT PASSES, THE ROAD IS STILL LONG

An instant passes, the road is still long

Until the distant moment, which is ahead,

There is time for a lofty syllable,

Or all in the past, do not expect anything else.

And the mood is as good as it gets

All in jealousy of bygone times

And instants-icicles melt everything and melt,

Scattered chaotically here and there...

Bio

Adolf P. Shvedchikov was Born May 11, 1937 in Shakhty, Russia. In 1960 he graduated from Moscow State University, Department of Chemistry. Ph.D. in Chemistry in 1967.
