

ISM'S MESMERISM

By Elanaaga

It makes you hang from
the hook of a fixed notion;
couches in a rigid configuration.
Replaces the original 'you'
with an overwhelmed you.
Mindset gets marred,
self-deception sets in;
overt becomes covert.
Reasoning always glides
in the same groove
dug by you unwittingly!

If imprisoned in ism's mesmerism,
one might fall prey to anarchism.

FACING THE FACEBOOK

It gobbles a lot of your time;
enchants, entices, tantalizes
with endless attraction
and pushes you
into a trap of addiction.
A quagmire it is, with no lenity;
sucks you in with much impunity.
Scroll the posts up, they'll never end,
for you have many a friend.
It takes away your forty winks,
deprives you of peace, then blinks!

Friends remain friends
only if you 'cooperate.'
You should, therefore, always
adulate and celebrate!
Comments may cement the bonds,
but the itch for such things
sometimes boomerangs!
'Likes,' unlike comments, are safe.
Likeable they are, but the truth is,
they are all alike
whether you like or don't like!

Entering it is easy but exiting, not so;
endure you must, and pretend gusto!

(Just for fun)

Bio

Born into a lower-middle class family in Elgandal village of Karimnagardistrict, Telangana state in 1953, Elanaaga (Dr.SurendraNagaraju) is a poet cum translator. He is a paediatrician by profession. So far, he has penned 27 books. 12 of them are original writings in Telugu while 15 are translations. Seven of the latter are conversions from Telugu to English. His Telugu works include metrical poetry, experimental poetry, translations and writings on propriety of language, standard crossword puzzles, and so on.

Besides rendering Somerset Maugham's *The Alien Corn* into Telugu, he translated Latin American Stories, African Stories, Somerset Maugham's other stories and World Stories into Telugu and published as books. Of his 14 translation works, 8 are from English to Telugu and 6 from Telugu to English. He is an ardent enthusiast of classical music and penned scores of poems on classical music, musicians. His book titled Memorable Melody Makers and Other Poems on Music contains many of them.
