

VIEW ABOUT MAHAMATIPRANANTH, S ILLUSION THEOLOGY

By Ms. Reena Sirwani

Introduction

Mahamati Prannath was a great saint. The meaning of Mahamati is a person with great intelligence. He not only lived for himself, but also lived for the whole world's welfare. He was born to give his life for the well-being of the entire world. He burnt himself in the furnace of time and turned to gold. For the service and well-being of masses he became a prompter and age-revolutioner like an elixir, but it's a matter of disappointment that such a great saint who presented a great image of all religion equal has been described very less in the literature and other historical books. Very few people were aware of this great saint. His image symbolizes that he has the power to awaken a human being's slept conscious bounded by slavery, blind faith and an outer false show. Mahamati was not that persuader who became a representative of any specific religion or community who only through his sayings tried to reform the society and also not he was among those saints who got the preceptor throne as inheritance and sang devotional hymns with followers. Infact, Mahamati was a social reformer who provided strong base to those independent groups of people from whose strength the people who are helpless, drestitutes and resource less get success in life. "Mahamati was himself an ideological effluent in whom energy of scriptures, prosperity of world, aspirations of society and regularity of the caste traditions are also present. Along with that the message of all religious whose center was human and his elevation inhibited in him."(RanjitSaha)

Like other great prophets, Mahamatihas also preached to awaken the conscious of masses that in this universe all those appeared things come into the circle of illusion which can neither be a part of us permanently nor can also be still. It is changing continuously and this is the special feature of illusion and due to this specialty, illusion attracts everyone to itself. The outer beauty of illusion is mesmerizing. That's why, prophets have given warning that if you see outer beauty

you will entangle yourself in the circle of illusion. The saints compared Vishnu's Mohini to illusion. Vishnu also called illusion as cogent and powerful and said that we should not wish to see illusion. If you see illusion then you will definitely attracted towards it and will get stuck. But if you leave illusion then only you can see the lord Vishnu and get the form of the Vishnu as Almighty God. To explain this, Mahamati has preached in his first holy book "ShriRaas" Have pehla Mohjalnikahuvaat, te ta dukhrupi din raat Davanal bale kaibhant,

tenikatlikahuvikhyaat (ShriRaas1/1) Mahamati says that I would firstly talk about this world. Here day and night both are full of sorrow. Like the wild fire in forest, the vices such as anger, lust, greed, ego, attraction etc. are burning the hearts of human beings. How further should I describe them?

'Aemayacheatibalvanti, apnichemooldhanithaki
Munjannemanavyahar, Shiv Brahamadiknalahepaar Suk Sankadik ne navtali, Lakshmi Narayan nefarivali Vishnuvaikunthlidhamahe, Sagarsikharnamukyakyanche"

(ShriRaas1/4&5). This illusion is very intense, because this has emanated from you. The sages have accepted their defeat; even Brahma and Shiv have not been successful in overcoming this. Sukhdevji, sons of Brahmaji, the sankadik sages have also not been spared from its effect, Lakshmi ji and Narayan ji have also been enchained in it. This maya (illusion) has the control even on the Vaikunath (one of the heaven as per SanatanDharm) of Vishnuji. Starting from the Garbodhak Sea to the vaikunth this illusion hasn't spared anything. That's why, we cannot describe the power of illusion; it is present in the whole universe. This world has expanded due to illusion. Whosoever tries to comfort this illusion, it steals his power. The saints compare illusion to naughty, swift and a cunning woman. In the same way Mahamati also that illusion is deceitful, scheming and shrewd who can overpower anybody. Attractive illusion has an enticing power. There are various names given to illusion in almost all and warn everybody to stay away from it. The only difference is that in Hindu scriptures, illusion is described as alluring power and a pretty misleading Goddess from whom all good power and holy Gods should be kept away themselves. Even for those who are evil or demon they should keep themselves away from its cruel and wicked of nature. That means, in other as in Bible and in Quran are also considered as the form of illusion. Again and again it hurts you secretly and all the time you. This shows that

every religion you the same thing.
Aekhelrachyo hum khatar , so dekhanaaiya hum
Aejopyare Mehdi Muhammad , Jetiroohmuslim
(ShriSanath 16/1)

According to Mahamati , after taking permission from lord, the divine souls have come down from the heaven only to see these tricky games of illusion. Those divine souls who came down now trapped by delusion. These souls now forget the divine power and get busy in watching all the tricks of illusion. Through his scripts (written in TartamGyan) Mahamati came to awaken those illusion trapped souls. Mahamati by waking those divine souls asking them to go back to Vaikunth.

Aisakheldekhaiya, Maangliyahai hum
Abkaisearajkaroon ,Kahogemagya tum 1
(Khilwat 1/1)

By this verse Mahamati says we wish to see this illusioned mortal world and you fulfilled our wish. By showing this world to us you completed our every wish but while watching this world we have gone away from you. We have become so far that we don't have any sort of conversation. We are sitting beside your feet but still our conscious is entangled in the worldly affairs. There is a gap of long fourteen worlds. The distance is so much that now even you cannot hear my prayers. The saints are talking about the joy and happiness of abode which is eternal. They also preached us through scriptures about the eternal relationship between you and almighty abode but my mind is stuck in illusion and cannot get away from this poisonous world due to delusion. Although I am enduring so many sufferings here but still could not find a way to

get out from this jugglery.
Cheeliyebalsabhanke , Jo soorme bade kehlaye
Bandhyajokaibalkare, to bade jogotekhaye
(ShriSanath 31/14)

The one, who is trapped in this jugglery, cannot understand the difference between bad and good. He only hurts every one. It is also said in Vedas that if you do any right or wrong, then illusion will create hindrances in your worship. Illusion will not wish to leave you. Illusion will mislead

you. Due to this illusion Maharishi Vishwamitra entrapped and attracted to beautiful celestial nymph Urvashi and gave birth to a girl. There are so many instances in religious books where we get to know about how this illusionary world has trapped so many sages. Aemayaaadanandki,ChalijaatandherNirgunsargunhoyekeyyapak,aayphirtehainpher (ShriKirtan20/1)

From the beginning of cosmos, the great saints and sages apparently languish in darkness of illusion. Till today, it's not decided yet that eternal spirit is attributed or dissociated, in shape or shapeless and if shapeless then how it takes shape or any figure. There sort of questions often confuse us that we sometimes find truth fades away from our heart which results in that there would be no more desire to know the fact or truth. The illusion has made this world as deceptive that the soul automatically attracted towards it. This astonishing, alluring deceptive world misled the divine souls. This enchanting illusion fades away all the memories of that almighty from the mind. Those who realized laughed at the situation of this world that the people are running tirelessly behind those things which are mortal, unstable and changing continuously. They are calling themselves as mine which are not belong to them. They are living in mere oblivion. They are lifting the burden of others' life when there is no faith in the moment of their existence. Still they are doing amazing work. Sadho hum dekhyabadatamasa Vishwadekhhayameinvismay, dekhdekhawatmohehasa (ShriKirtan 5/1)

When small children make small-small clay houses and play with them by making relatives also there, we the elders often laugh at their innocence that how they are playing. In the same way, theologian who got the ultimate knowledge of this worldly affairs laughs at us. Mahamati sermonized us in very easy and understanding way the trap of illusion and also warn us to stay away from it and to get the ultimate power he shows us the way to get salvation. Brief

Maya is a spiritual concept connoting "that which exists, but is constantly changing and thus is spiritually unreal" Through this article here Mahamati mentions about bringing light of enlightenment to the soul who have completely forgotten about it due cosmic illusion. According to Mahamati the God loving soul (Braham Atma) has come in this earth to watch the sport of cosmic illusion and at the end they must return to the end they must return to the eternal abode. Through his book he explained the true religion. His devotional songs of spiritual wisdom are meant to awaken the sleeping souls. According to Mahamati our human body is the grave from which the sleeping souls within has to rise up above the body consciousness and wake up to the true reality of the absolute. The lord dwells in every heart to judge the actions of soul and embraces her the day she awakens to her true self.
